

The Mill Road History Society was formed in 2015 to continue the work of the HLF funded History Project. The Society aims to celebrate and research the history and community of the Mill Road area and to create a permanent record of that research.

Information about how to get involved and keep in touch with the Society as well as advice about carrying out your own research can be found on our website.

A growing collection of our completed research for key buildings, people, places and oral histories can be found at www.capturingcambridge.org/mill-road-area The Capturing Cambridge website is curated by the Museum of Cambridge and holds information about different areas of the town as well as Mill Road.

Practical information

Our events are open to all, the only constraint being the size of the venue.

For workshops, please let us know by email to admin@millroadhistory.org.uk if you plan to attend. Specific booking arrangements apply to some other events, see individual entries for details.

For talks, please arrive on time. Tea, coffee and biscuits are usually provided at the end, and this is an opportunity to stay and chat if you wish.

An average donation of £3 per person, per event is needed in order to cover our costs. The Society does not receive any regular funding, and relies on your help.

Please let us know at any of our events if you do not have access to the internet and would like to receive information about our activities in another way.

St Barnabas Centre (formerly known as the Old School Hall) is behind the church and accessed from St Barnabas Road. Cambridgeshire Deaf Association is on Romsey Terrace, behind Cutlacks.

Information in this leaflet is correct at the time of going to press, more information and any updates will be posted online at www.millroadhistory.org.uk

“The road is the main street through a populous district. On each side at right angles branch off little streets of small houses. The whole activity of the neighbourhood appears however to concentrate itself in the long main street.”

Eglantyne Jebb, 1906
