

# WHAT'S YOUR MILL ROAD?

Filling in this survey map will help us with a project that's being organised by The [Mill Road History Society](#) and Dr Zhuozhang Li of the Cambridge Room and CU Department of Architecture. [Cambridge Room](#)

Decisions about the area are often taken by authorities with little or no local knowledge; we are aiming to collect data and stories from as many people as possible to illustrate the diversity of views of as many people as possible who live or work in Mill Road

*This survey is completely anonymous. The responses you give will be used in Cambridge Room's research; if you're unhappy with this please don't participate*
